

Saddle Sore 1000

This is to certify that on 31.7.2011, Olof Andrén rode a Victory Hammer a total of grueling 1031 miles (1659 kilometers) in less than twenty-four hours starting in Uppsala continuing onto Sundsvall, Umeå and Luleå before returning to Uppsala while participating in the Saddle Sore 1000.

This endurance test was conducted under very strict guidelines set forth by the Iron Butt Association. Only a handful of riders from around the world have managed to solve the equation of time, distance and endurance to complete the Saddle Sore 1000 Challenge.
